

THE DENVER SCHOOL BOARD PROMISED EXCELLENCE FOR OUR KIDS & DELIVERED MEDIOCRITY

Our kids and families were promised educational excellence. The truth is after eight years of Superintendent Bosberg and his Board, all they have seen is school closures, staff churn, and mediocre educational results.

Current Board Members O'Brien, Johnson, Espiritu and Haynes are nice people who care about kids, but they have repeatedly rubber stamped mediocrity. Our kids deserve better.

The more you know, the more likely you will be to vote for quality public education for all.

Check out ourdenverourschools.org for the facts, the cold hard facts.

We can do better by our kids – we can do much, much better.

The long road back from mediocrity at DPS begins with the election of Xochitl 'Sochi' Gaytan, Robert Speth, Tay Anderson and Dr. Carrie Olson.

Many an example but to name just three:

1. Only 39% of our kids are reading at grade level. Only 30% are performing at grade level in math.

2. Denver Public Schools have an abysmal graduation rate - lower than even that of Newark, Detroit and Baltimore.

3. Tens of millions of dollars are being mismanaged and paid to financial institutions and lawyers, taxpayer money that would be much better spent in the classroom.
